"Great Choice For A Rugged Wood Shake Look"

"Safer than wood shakes because they are UL Class A fire rated!"

for PROPERTY OWNERS

- **Fantastic Appearance...** Patented, extra-large design with oversized shingle tabs help create a realistic wood shake look
- **Safer...** Class A fire listing from Underwriters Laboratories—the highest rating possible
- **High Performance...** Extra strong Micro Weave® core provides outstanding performance in all climates
- **Peace Of Mind...** Lifetime ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first ten years*

for PROFESSIONALS

- **Quicker Installation...** Large 17"x 40" size saves labor, allowing you to offer superior value and greater homeowner satisfaction
- **More Referrals...** People will notice!
- **Less Chance Of Call-Backs...** Shingles now warranted to withstand winds up to 130 mph!†
- **Stays In Place...** Dura Grip® adhesive seals each shingle tightly and reduces risk of shingle blow-off
- **Perfect Finishing Touch...** For the best look, use premium Timbertex® ridge cap shingles. In the West, use premium Ridglass® ridge cap shingles (Sequoia®/ Canyon™ ridge cap shingles are also a good choice).

*See ltd. warranty for complete coverage and restrictions.

†130 mph wind speed coverage on Grand Sequoia shingles requires special installation (see ltd. warranty for details).

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Smart Choice® ROOF SYSTEM SOLUTION

Quality You Can Trust Since 1886...From North America's Largest Roofing Manufacturer!™

Leak Barrier

Weather Watch® and **StormGuard®** provide exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North*).

Roof Deck Protection

"Breathable" Deck-Armor™ allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. It also lays flatter for a better-looking roof. **Shingle-Mate®** also provides great protection for your roof.

Quality Shingles

Choosing the right shingle can increase the value of your home. GAF-Elk offers you many great shingle choices, including **Timberline®**, the #1-selling architectural shingles in North America.

Effective Attic Ventilation

Cobra® and **Master Flow®** vents help remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

Distinctive Ridge Cap Shingles

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** can enhance the beauty and value of your home—while guarding against leaks at the hips and ridges.

Reliable Low-Slope Membranes

Liberty™ and **Freedom™** commercial-grade self-adhering roofing systems are exceptionally dependable! They're safer too, because no open torches or hot asphalt are used.

Pre-Cut Starter Strip Shingles

WeatherBlocker™ or **Pro-Start™** are a great upgrade option for rakes and eaves. They save time, eliminate waste, and reduce the risk of blow-off...and may even help qualify for upgraded wind warranty coverage (see ltd. warranties for details).

Roof Accessory Paint

ShingleMatch™ premium roof accessory paint is a great option to help you "hide" instantly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

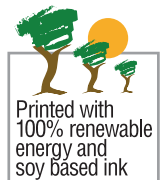

*In the "North," building code requires the use of Leak Barrier at the eaves.

The GAF-Elk Smart Choice® Roof System Solution has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy.)
